**RCC Cooling Towers Manufacturer India**

We are Specialist in the establishment of Reinforced Concrete Cooling Towers. We Do RCC Cooling Towers Design and Construction for both in Cross Flow RCC Cooling Towers and Counter Flow RCC Cooling Towers, With Long life Compare to FRP and Timber Cooling Towers. RCC Towers made of Concrete cell. All Internal Parts are As per Other Cooling Towers.

We manufacture high quality Induced draft Cooling Tower in RCC Construction also both in Cross Flow and Counter Flow design that require easy maintenance and low recycle cost. As a result our industrial RCC cooling tower is highly demanded by a number of companies. With our hard work we have been able to enlist ourselves among the leading RCC cooling tower manufacturers and exporters in India. Since the structure of Cooling Tower is complete with RCC, the tower life will be more than timber as well as FRP.

***Applications:***

- Power Plants
- Sugar Plants
- Chemicals Plants
